

Instructions for Chatsworth Card – Used for the MA and SC Tests.

Coaches,

Chatsworth cards will be used by your students in the Math and Science contests to mark their answers **using a pencil**. It is important they are familiar with the directions below in order to have their scores recorded accurately. The proctors will give directions before the test begins, but it would be helpful if you go over the directions with your students before they go into the contest.

Students should NOT place their label on the Chatsworth card before bubbling in the needed information, since the label is placed on one side of the card and students must use information from their label to bubble information on the other side of the card.

- ◆ Find their 6 digit or 7 digit TAG number on their testing label.
- ◆ On the bubble side of the Chatsworth card where it says “student ID #” they need to bubble their TAG number in the following way:
- ◆ If their TAG # is **135864** this is how they will bubble it in.
- ◆ The first digit of the TAG # goes in the 1st **ROW**, not column.
- ◆ The second digit of the TAG # goes in the 2nd **ROW**, not column etc.
- ◆ Continue until all digits are bubbled in.

Contest:

<input type="checkbox"/> NS	<input type="checkbox"/> CA	<input type="checkbox"/> MA	<input type="checkbox"/> SC
-----------------------------	-----------------------------	-----------------------------	-----------------------------

- ◆ Bubble in the appropriate contest, MA or SC.
- ◆ Now attach their label to the other side of the card in the designated area. There is no need for students to write in any of the information under their label.

Students should be lightly marking their answers on the card **AS THEY ARE TESTING**. When the testing time has stopped, students will be told to put their test questions under their seat and will be given only **2 minutes** to “clean-up” their card, i.e. darken bubbles, erase stray marks, etc. This 2-minute time period is not to record answers, but to clean up answers already recorded. Students **WILL NOT** have access to their test questions during this 2-minute period. **AT THE END OF THE 2-MINUTE “CLEAN-UP” TIME, STUDENTS WILL NOT BE ABLE TO MARK ANYTHING ELSE ON THEIR CARDS.**
